MEMORANDUM FOR: DD/S&T Executive Officer

SUBJECT : Discussion with Mr. Nick Danilooff, UPI

At the request of Mr. Joseph C. Goodwin I was interviewed again by Mr. Danilooff of UPI relative to the Soviet space program. The interview was a follow-up to one conducted in November 1969. I do not believe that I discussed any information which is solely available from classified sources. It is anticipated that the Agency will be recontacted by Mr. Danilooff relative to unclassified material in the management of Soviet space program and material contained in Soviet press statements.
